## 6. Norms Followed For Fixing Fees:

The school fee is fixed after considering several factors, such as the normal capacity of parents from village to pay, the guidelines provided by the CBSE and State Government, the average pay scales offered in private schools, the need to balance income and expense of the school on 'No Loss No Profit' basis, the need for a reserve fund, the school's contingency fund and other similar issues. The latest infrastructure provided at the school also matters much in deciding the quantum of fees.

Efforts towards Environmental Education and Awareness

### Environment Day:-

The School reopened on 3<sup>rd</sup> June, 2019 And the very first activity of the academic year was the celebration of the '**World Environment Day**' on 6<sup>th</sup> June, 2019. The motive behind celebrating this event was to educate students about the importance of environment in our life, degradation of environment caused by pollution, its consequences and remedies to overcome them and repair the damage done to the environment. The importance of the '**World Environment Day**' was explained in the assembly. A PPT based on the miss use of the environment and the extent to what we have damaged it, was shown in the AV lab. Some videos were also shown to explain different kinds of pollutions and their effects on environment.

### Ganesh Idol Making:-

Preceding the Ganapati Festival, an **Idol Making Workshop** was held for the students to show the importance of **eco-friendly** Ganapati Idols made up of shadoo or clay, avoiding POP. Also a **debate** was held on the topic '**Is it fair to immerse the Ganesh Idols and the Nirmalya in rivers or drinking water?**'. The growing number and size of the idols have caused water pollution subsequently causing harm to the aquatic life as well as the entire environment. A practical alternative as was suggested and demonstrated in the School was the Ganesh idol was immersed in the bucket and after the clay dissolved in the water, it was retained to the nature in the tree roots.

### Say 'No' To Plastic:-

To educate students about the **hazardous effects of plastic** over environment a **rally** was arranged by the School in nearby localities, with **slogans** and **sign boards**. Students also cleaned the school campus as well as the area nearby and picked up all the plastic garbage and thus learnt a lesson **the need to minimize use of plastic**.

#### Innovations

In the modern world various revolutionary trends are evolving in the methods of teaching. Making the teaching – learning process varied, playful, untiring & interesting, avoiding monotony, boredom & complexity is influential in this process. Our teaching staff is curious enough in probing into innovations in teaching methods and applying them.

Emphasis on **demonstration, dramatization, presentation, field study**

**Role plays** bring the element of entertainment in the class-rooms and facilitates proper understanding and appreciation of the characters in the text.

**Peer Teaching** is one of the effective tools practiced here, pairing off a slow learner with a child with higher grasping power.

**Play-way lessons** is a very popular method that includes word and mind games like **quiz, scrabble, puzzles and riddles, snakes and ladders etc.**

**Flash cards**:-Use of flash cards to visualize pictures and words, identifying things observed and discussed by the students makes learning easier and playful.

**Debates**:-Certain topics have a scope for debates and discussions. Debates help students develop communication skill and they also learn to respect the opponent's views. Their active participation makes the learning lively.

**Models & Projects**:-Students are busy making models and working on projects based on their topics like newspaper headlines, book-marks, puppets, geographical models, making picture dictionary, etc.
